VLADIMIR MOMIROSKI

Front-end developer

ABOUT ME

Hello,

My name is Vladimir Momiroski, I am 30 years old, I was born in Tetovo, I'm currently living in Skopje.

My interests have always been related to computers, as a children playing games, and today everything that is connected to programming. In addition to computers, i want to read and find out about various topics that interest me.

My plans for the future are related to constant learning, upgrading and acquiring new knowledge as a developer.
